

7th July 2010

Dear Parents and Carers

We were delighted with the results of our Ofsted inspection, which again judged the school to be outstanding in every aspect. We have a full school inspection schedule, it is very rigorous but the inspectors were very clear that Lydalls provides an outstanding foundation stage learning experience for all its children. You should all have received a full copy of the report, if not please let the office know. The report is a great credit to the staff, governors, children and parents. Thank you everyone!

We will be holding a celebration day on Friday 16th July. We have been asking the children how they would like to celebrate and will be incorporating as many of their ideas as possible. Please feel free to stay and play with your child on this day to join in the fun activities.

CONGRATULATIONS

- To Sue Dodd, our school cook, who has won an award in recognition of her outstanding contribution to the school. The award is well deserved, we think she is brilliant!
- To Rose Pritchard who has taken over as Health and Safety co-ordinator and has worked really hard in this role during our recent inspection, we were graded as outstanding.
- To Gemma Souch who has gained a place on the Early Years Foundation Degree Course, she will continue to work in the afternoons next term alongside her study.

THANKYOU

- To everyone who helped to make the school picnic such a wonderful occasion, in particular to Kate Placentino. It was a great success, lots of fun and we made £120 profit too!
- To Maisie's Mum who raised £116 for the nursery by doing a sponsored cycle ride.

We will be putting the money from these two events towards some willow huts and a new garden bench.
